Introduction to TF

The University of Physical Education is the largest, the most comprehensive and the oldest centre for education and training in sport and physical activity in Hungary with 90 years of history, originally established as the Royal College of Physical Education in 1925. The University located in downtown the capital city of Budapest.

Lots of things changed since TF had been founded yet traditions still live on. We fill them with new spirit, opening the University’s imaginary windows to the world. Our students can have a look at the world’s universities through these windows by studying at foreign partner institutions and gaining lifelong experiences.

Nowhere else can be found so many former or active elite sportsmen and acknowledged coaches in the staff whose expertise students can directly benefit from. The Faculty boasts also the highest number of university professors and researchers and a great versatility of study programmes in the field of sport sciences.

There are 6 levels of sport education (from certificate level to PhD, EQF levels 3-8) offered in all possible fields: PE teacher, adapted PE teacher, health teacher, health promoter, coaching, sport management, recreation, human kinesiology. All summer Olympic sports and several other, all together 48 are listed in the educational programme. A fully enclosed, self-sufficient campus with 16 sports facilities and two other estates (for water-based sports and track & field, tennis, soccer), 8 high-tech research laboratories serving teaching, research and the preparation of athletes.

From 2000 the University was a faculty of Semmelweis, in 2014 Sept. it regained its independence. By 2018 a new campus will be built with new facilities and the latest technologies.

Even though the name of the University has been changed throughout the years the abbreviation stayed the same. We still call the university TF (coming from Testnevelési Főiskola – Colleague of Physical Education) both in Hungarian and in English.

Neptun

You will receive your own neptun code from your coordinators. Your code will be your username and your birthdate will be your password (“Ne”+yyyyymmdd -> Ne20170825).

You have to change the password upon the first log in.

https://neptun.tf.hu/hallgato/login.aspx

- check your personal data
- check if you are registered for every subject
  (If a subject appears in red don’t worry, it only means that you haven’t fulfilled the pre-requirements)
- register for your exams
- check your grades
- accept offered grades
- check if all of your grades are written in!
Course catalog:

You will be informed about the available subjects from the incoming coordinator. Available subjects may vary in each semester in accordance with the incoming student’s interest and need. Subject list from the previous semester is available on website of the university.

Subjects

In Hungary when completing one subject you need to receive a signature first (in the study period) so that you could register for the exam (in the exam period). For the practical subjects you receive the signatures together with the grade within the study period.

For every subject we advise you to ask for:

- The name of the subject
- Name of the teacher(s)
  -> who actually teaches you, and not the responsible teacher
- Email or phone number of the teacher
- Name of a classmate (Hungarian)
  -> to be able to check if you are registered for the right group
- Signature requirements
- Grade requirements
- Course description if needed

We use a so called Neptun system, where we register you for every subject. However it is your task to check if you have everything, and communicate with the teacher if you have a missing grade (at the end of the semester). We cannot know if you have a missing grade because you haven’t attended the exam or you failed it! We prepare your transcript of records according to what is in the Neptun.

Subject requirements are different for every subject
e.g. only attendance or attendance + training visit, match visit, course diary, presentation, report

“Szertár”

You can hire sport equipments like balls, rockets, judogi (for classes or for personal use) from the University for free. You only need your student ID to do so.

There are limited number of judogi-s, so be fast, because you might need to buy it for yourself if the office is out of it!

Temporary Student ID

You will receive a temporary student ID every second month. Please keep in mind that you will have to ask for a new one when the previous expires! At first the number will change (certificate number) as it takes time to receive your OM code (hungarian educational identification code) and you will only be able to buy your monthly ticket with the certificate’s number and not the OM code for the first time.
What you can do with your Temporary Student ID:

- buy student pass for public transport, which costs 3,450 HUF
- buy student ticket on any other transport (e.g. National Train Services (MÁV), bus etc.)
- buy cheaper pass for museums, exhibitions, cinema, etc.

**Transportation**

How to get to the city from the airport:
http://www.bud.hu/utazas/kozlekedes_es_parkolas/tomegkozlekedessel

You can find the timetables here:
http://www.bkk.hu/en/timetables/

The price for the student monthly ticket is only 3450Ft. It is also valid for some ships on the Danube (weekdays only). You can only buy it after having received your student ID!

If the numbers are not matching on the ticket and the ID you are charged to pay the bigger fine!

**International office**

- student ID
  valid for two month only, you have to ask for it from the international office
- neptun registration
- administration – paperwork (LA, LA changes, transcript, attendance, student ID)
- programs – we organize you some programs out of the classes, which you can attend we ask one student to write a short report about it to create a memory; to practice English, and also to promote our institution
- Opening hours:
  Please respect the opening hours and communicate in emails (erasmus@tf.hu) only use the cellphones, facebook in opening time or in case of emergency.

**International Directorate – Student Orientation**
In case of emergency (ICE) please contact the coordinators immediately – you can use the cellphones.
If the police takes you in give a coordinator as contact, otherwise we are not able to get any information about you. The police doesn’t give information through the phone, and doesn’t give info to non relatives or contact persons!!

Insurance

Before arrival you must obtain a European Health Insurance Card:

Doctors, dentists and prescriptions

Go directly to any care provider whose surgery / premises displays the sign "OEP-pel szerzodott szolgáltató" ("This healthcare provider is contracted with the National Health Insurance Fund"), and show your European Health Insurance Card or equivalent. You may also be asked for your passport or other identification. Treatment will then be free of charge. You will not be reimbursed for private treatment, and you may have difficulty getting a refund if you do not present your Card or form. If you are using a paper form, e.g. the Provisional Replacement Certificate, this may be retained by the care provider, and you should therefore ensure you have copies if you are planning a trip to Hungary.

If a doctor or dentist gives you a prescription, take it directly to the pharmacy. You will need to sign the prescription. You will usually have to pay at least a portion of the cost of your drugs or medicines, and in some cases will have to pay the full cost. This cost is not refundable.

Emergency dental treatment is free on presentation of the European Health Insurance Card or equivalent.

Hospital treatment

You may go directly to a hospital in an emergency; otherwise, referral from a doctor is usually required for in-patient or out-patient treatment. Ambulance transport is free in emergencies on presentation of the European Health Insurance Card or equivalent.

- **Application**: to get accepted in our institution you have to send us all the needed papers, and information. You have to prepare your LA before, which contains the subjects you would like to take at our institution. However, these subjects will be changed according to the timetable.
- **Acceptance**: After the successful application we send you a scan of your acceptance letter. You receive the original upon arrival.
- **Registration, Orientation**: We give you a short orientation about the university and about the information needed for your stay.
- **Neptun registration to subjects**: we register you, you check if everything is all right, and send an email if something is wrong or missing.
- **LA changes – one month after**: You have to prepare your own LA changes, we will have a meeting to discuss how to do it.
- **LA after = Transcript of records**: we prepare it in accordance with the Neptun system when you are leaving.
- **Certificate of Attendance**: we prepare it according to your stay, the last day can not be after the last day of the exam period!

**Google (email, drive, calendar)**

Common email address for the Erasmus students [tferasmus2015@gmail.com](mailto:tferasmus2015@gmail.com) password: 19252015TF. The timetable for every student is online, up to date on google drive, the university events are uploaded easy to follow.

**Academic period**

The academic period is divided into semesters, one semester has one study and one exam period. You only have classes in the study period. There are K weeks (= consultation week for the part-time students) within the study period which is holiday for you. However, we would advise not to plan programs to every K week, as there are some camps during this period which worth usually 2 credit and really fun to do.

**Semester Schedule**

- The semester starts: 21 August 2017
- The semester ends: 29 January 2018
- Study period: 28 August 2017 - 15 December 2017
- Examination period: 15 December 2017 – 29 January 2017

**Bank holidays**

- 23 October - 1956 Revolution Memorial Day
- 1st November - All Saints’ Day
- 6 December - Saint Nicholas Day
- 24-26 December – Christmas
- 31-1 January 2018 – New Year
„K” weeks:

- On „K” Weeks you will not have classes, therefore if you would like to travel in Hungary/Europe or just want to go home it is wise to plan your trip on at these times
